TECHNICAL SHEET 188

CODE 0.915.

ardsan additivo per esterno

Mould & algae resistant additive

GENERAL PROPERTIES

ARDSAN ADDITIVO PER ESTERNO has been devised to be added to our varnishing products to prevent mould, fungi & algae from taking root. The final finish preserves its original aspect impeding any health hazards due to the proliferation of moulds.

Products, such as quartz emulsion paints & thick coatings, corrected with ARDSAN ADDITIVO PER ESTERNO, are ideal for painting external surfaces facing north where the rooting of fungi, moulds & algae is highly likely due to humidity.

INSTRUCTIONS

Application:

- A bottle of ARDSAN ADDITIVO PER ESTERNO contains 4 doses each of which is suitable as an additive for a pail of latex paint (14 -16 litres) or for thick coatings (25 kg).
- Shake the bottle before adding the product. Stir well to guarantee the homogenization of ARDSAN.
- Wear gloves; protect eyes & face during handling. Splashes on skin, must be washed off immediately with soap and plenty of water.
- Wash equipment immediately after use with water.
- Store in cool, frost free premises.
- Keep out of the reach of children.

Refer to the PSDS for further information.

The data herein were correct at the time of Quality Control and refer to standardized environmental conditions. The same are to be considered as a guide.
